At Ryders Ridge, every day is exhilarating. Scenic pathways wind in and around the community and the surrounding town, making Ryders Ridge pedestrian-friendly and safe for children. Walk to the grocery store in the Village Centre, bike to the beach for a picnic or jog along the old railway line, which is now surrounded by a beautiful park.

To accommodate your active lifestyle, some lots in Ryders Ridge have rear lanes with room to park boats and recreational vehicles – just one of many ways Ryders Ridge fits your world.

Planned, designed and built with care, Ryders Ridge is a community that will be treasured by its residents and the citizens of Sylvan Lake for years to come.
